The Chairperson may co-opt any officer, domain expert, representative of Government of India, ICAR institution, MeitY institution, financial institution, insurance company, technical institution, Farmer Producer Organisation, agri-startup or other stakeholder considered necessary for any particular use case.

Terms of reference:

- i. To oversee the exercise for identification and utilisation of AgriStack-enabled use cases across the Union Territory.
- ii. To review the use cases and recommendations emerging from the Divisional Task Forces and ensure that the differentiated agro-climatic and production systems of both Divisions are adequately represented.
- iii. To facilitate convergence and interoperability between AgriStack and relevant databases/platforms of Agriculture Production Department, Revenue Department, financial institutions, insurance systems, weather/agro-met services, remote-sensing systems and other Government datasets, subject to applicable law and data-governance requirements.
- iv. To examine and prioritise use cases relating particularly to personalised farmer advisories, crop/orchard planning and pest/disease early warning, ULI/agricultural credit including KCC, working capital and investment credit; crop insurance; Government scheme discovery and service delivery; fertilizer/input planning and delivery; crop-area, yield and production forecasting; market intelligence; and disaster/extreme-weather response.
- v. To ensure that the proposed solutions make optimum use of existing Digital Public Infrastructure and Government platforms and avoid unnecessary creation of parallel databases or standalone applications.
- vi. To identify technical, administrative, financial, legal, data-sharing or interoperability issues requiring intervention at the UT or Government of India level and recommend appropriate measures.
- vii. To shortlist 3 to 5 high-impact and implementable use cases for pilot implementation in the Union Territory, with defined ownership, timelines and measurable outcomes.
- viii. To facilitate association of relevant institutions including SKUAST-Jammu, SKUAST-Kashmir, ICAR institutions, NIC, JaKeGA, MeitY Institutions like BISAG-N, financial institutions, insurance entities, technical institutions and other domain experts for design/validation of shortlisted use cases.

28/10/23

- ix. To ensure that the selected use cases incorporate suitable safeguards relating to privacy, consent, cyber security, access control, purpose limitation and responsible use of farmer data.
- x. To monitor development/prototyping of the shortlisted use cases and review measurable outcomes from pilots with a view to recommending their scale-up.
- xi. To consolidate the best practices, innovative applications and pilot outcomes from Jammu and Kashmir for submission/presentation at the national level within the timeframe prescribed.

The respective Divisional Commissioners may associate the concerned Deputy Commissioners, Chief Agriculture Officers, Chief Horticulture Officers, KVK scientists, representatives of FPOs/cooperatives, progressive farmers including women farmers, agri-startups, financial institutions, insurance companies and other domain experts with the deliberations, depending upon the district, commodity or use case under consideration.

Terms of Reference:

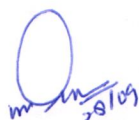

- i. To conduct district-level stakeholder consultations with departments, FPOs, and farmers to identify high-impact use cases tailored to the distinct agro-climatic and topographical conditions of the Division.
- ii. To resolve key bottlenecks in accessing agricultural services by enabling automatic scheme discovery, pre-populated digital forms, and seamless delivery of government benefits.
- iii. To develop hyper-local advisories and AI-driven predictive tools for crop planning, nutrient and water management, pest outbreaks, and yield forecasting by combining AgriStack, weather, and remote-sensing data.
- iv. To facilitate fast, paperless, consent-based delivery of Kisan Credit Cards and investment credit through the Unified Lending Interface and related digital banking platforms.
- v. To streamline crop insurance operations under PMFBY and other frameworks by using Digital Crop Survey records for

- automated enrollment, damage assessment, and quick claim settlement.
- vi. To utilize acreage and market data for reliable input demand estimation (seeds, fertilizers), harvest forecasts, and actionable mandi price intelligence.
 - vii. To deploy geo-referenced farmer and parcel data for rapid impact evaluation, targeted advisories, and swift relief distribution during natural disasters like hailstorms, floods, and frost.
 - viii. To maximize the reuse and interoperability of existing Government of India and J&K digital platforms over building standalone systems, while auditing data quality, custodianship, and API readiness.
 - ix. To enforce robust data governance, purpose limitation, auditability, farmer consent protocols, and cybersecurity standards across all data-sharing mechanisms.
 - x. To evaluate and shortlist 5 to 7 divisional priority use cases with detailed project specifications (problem statement, data needs, technology stack, budget, timeline, and measurable KPIs) while documenting scalable local best practices.

TIMELINES:

The exercise shall be undertaken in a mission mode as per the following broad timelines:

Activity	Timeline from issuance of this Order
First meeting of Divisional Task Forces and finalisation of district consultation framework	Within 10 days
Completion of structured district-level brainstorming/consultations	Within 45 days
Submission of ranked Divisional use-case portfolios to UT-Level Task Force	Within 60 days
Selection of 3–5 priority UT-level use cases	Within 75 days
Development/prototyping/pilot initiation of technically ready use cases	Within 90–120 days
Review of pilot outcomes/best practices and scale-up requirements	Within 5 months
Consolidated J&K submission for national consolidation/presentation at the national level	Within 6 months

 28/09

The Member Secretaries of the respective Task Forces shall maintain the record of proceedings, coordinate follow-up action and ensure adherence to the above timelines.
